

May 8, 2018

Dear members of Congress and dedicated staff,

On behalf of the 59 undersigned organizations comprising the Nursing Community Coalition (NCC), we would like to express our continued commitment to the health of the nation as we honor National Nurses Week. This year, the NCC is celebrating its 10th Anniversary. For the past decade, the coalition has worked to gain consensus among our organizations and advocate for policies that help to ensure cost-effective, high-quality nursing care is accessible to patients, families, and communities in every corner of the country. As we recognize this year's Nurses Week theme— *Nurses: Inspire, Innovate, Influence*, developed by the American Nurses Association, a member of the NCC— we are proud to work with members of Congress who embody these principles.

For ten years, our coalition has been inspired by the work we have accomplished together. It is the passion, expertise, and quality outcomes of nursing care that have allowed the joint pursuit of crafting policies that support the profession in order to meet care demands. Our individual member organizations and the coalition as a whole have shared with your offices innovative approaches to tackling the most pressing healthcare challenges from opioid addiction to workforce shortages. There is still more work to be done. As the nation charts new models of care, the positive impact of nurses will continue to be felt nationwide and especially in rural and medically underserved areas.

We thank you for championing the largest healthcare profession. Recognizing our 10th Anniversary, we know that there are many more years ahead to partner as we continue to improve America's health through nursing care. If our organization can be of any assistance, please contact the coalition's Executive Director, Dr. Suzanne Miyamoto, at smiyamoto@aacnnursing.org, or at 202-463-6930, ext. 247.

Sincerely,
